# Mixology

The styles in our Mixology Collection were designed to celebrate the breadth of color available in today's carpet market while providing the customer with the simplest installation and flooring management possible. The patterns are composed of 5 of the most popular neutral colors mixed in with a kaleidoscope of randomly chosen end-of-lot yarns. These multi-colored yarns are diverted from our excess yarn lots and given new life in strikingly beautiful carpet rather than being down-cycled into other industry products. The beauty of this product is in the fact that the embedded pattern and the neutral color remain consistent from tile to tile while the accent colors change, making each tile unique. It is this subtle color variation that contributes to the ease of installation by eliminating concerns about matching dye lots and limited installation methods. The Mixology Collection is the perfect solution for those seeking to celebrate color as well as those who recognize the positive environmental impact that comes from redefining beautiful with repurposed yarn.

## FEATURES

---

- No 2 tiles are alike but work flawlessly together on your floor
- All installation methods available
- Diverting useful materials from the waste stream is good for the environment
- All styles are available in Quickship

# Transparency

SUSTAINABLE LEADERSHIP

Mohawk Group leads the building products industry in transparency with the largest selection of products with Declare Labels, Health Product Declarations (HPDs), and Environmental Product Declarations (EPDs). What's more, we offer over 500 Red List Free Declared products.

## OUR COMMITMENT

As a Gaia sponsor of the International Living Future Institute (ILFI), we are committed to revolutionary programs that are redefining the green building movement. These include the ILFI's Living Building Challenge and Declare programs.

Declare Labels are a 'nutrition label' for the building industry, providing ingredients, source and manufacturing locations. We offer you:

- The most products with Declare Labels
- The most Red List Free products

We have eliminated the mystery of product ingredients so you get total product transparency.\*

Installation Instructions:

Mohawk Group warrants its adhesives for the life of the original installation only when a Mohawk Group style (product) is installed. Mohawk's floor preparation procedures must be followed to ensure that the substrate has been prepared properly. Failure to use Mohawk Group adhesives or to follow Mohawk's floor preparation procedures will void all lifetime adhesive warranties. Please contact your local Sales Representative for installation guidelines.

These patterns contain inherent characteristics which may result in pattern run off and/or pattern appearance variations at the seams or tile edges (darker or lighter pattern lines). These characteristics are inherent in the patterns and are not manufacturing defects. Consideration to these characteristics should be given when selecting an installation method.

Chair pads are recommended under office chairs with roller casters to preserve appearance retention, act as a deterrent toward delamination and to prevent premature or accelerated wear. Walk-off tiles from the Tuff Stuff II Collection are recommended at entryways to reduce soiling.
