Resilient Tile: Global Entry, C0015 Antiek | 931 Nimbus  
Carpet: New Vintage, GT302 Reawakened and GT303 Rediscovered | 849 Taupe

## Global Entry

Global Entry features hardwood species from across the world in a collection of contemporary colors and realistic wood textures. The commercial grade wear layer and M-Force™ Enhanced Urethane finish ensures product performance through the life of the installation.

**Antiek** hails from Scandinavia where wide, natural woods are regaled for their inherent beauty. Each plank is embossed with a wood texture that perfectly aligns with the grain pattern, a process called “Embossed in Register”, achieving the most realistic visual possible in a resilient tile. Colorways span from cool to warm, and specie designs are offered in rustic or clean grades of oak. Antiek planks are 9” wide and 48” long for a look that is authentic to European hardwoods, and a format that installs quickly across large areas.

**Morikato** takes inspiration from the Japanese word meaning “Forest”, offering a vast color line of timeless hardwood visuals like cutting edge charred wood, cerused grains and linear composite styles. The color palette builds on the distressed, reclaimed looks in both cool and warm tones, as well as provides sophisticated upgrades to classic maple, cherry and chestnut hardwood species. The 7” x 48” planks follow current format trends yet are neutral enough to satisfy a wide variety of projects and end use segments.

- Wide range of visuals to accommodate a variety of end use segments and design schemes
- Grain textures in Antiek perfectly align with pattern for the most realistic wood look possible
- M-Force™ Enhanced Urethane finish for superior wear and scratch resistance
- 20 mil wear layer performs under commercial traffic
- No-polish maintenance reduces costs associated with long-term cleaning
- FloorScore® certified
- QuickShip available

# duracolor<sup>®</sup>

FOREVER STAIN FREE

The performance standard for every application, Duracolor fiber is forever stain free, forever sustainable and forever beautiful, guaranteed\*. Carpet is easy to maintain with inherent stain resistance and water-only stain removal.

## FOREVER STAIN FREE

- Permanent built in protection
- Resists 99% of all stains
- Passes the GSA Test Method for stain resistance: AATCC Test Method 175
- Duracolor Warranty: We guarantee it

## FOREVER SUSTAINABLE

- Made with 30% recycled content: 25% pre-consumer & 5% post-consumer
- No Chemicals required: 96% of all common stains clean with just water
- Declare Red List Free: Duracolor fiber is Declare red list free in accordance with the Living Building Challenge

- Lasts Longer: Product life is extended, reducing the impact to your bottom line and to the environment
- Recyclable through Mohawk's ReCover Program

## FOREVER BEAUTIFUL

- Available in more than 300 colors
- Unsurpassed colorfastness to light and atmospheric contaminants so colors won't fade
- Unmatched design flexibility without compromising color retention or stain resistance
- Proven track record of success over the past 20 years

Installation Instructions:

Mohawk Industries, Inc. warrants its adhesives for the life of the original installation only when a Mohawk Industries style (product) is installed. Mohawk's floor preparation procedures must be followed to ensure that the substrate has been prepared properly. Failure to use Mohawk Industries adhesives or to follow Mohawk's floor preparation procedures will void all lifetime adhesive warranties. Please contact your local Sales Representative for installation guidelines.

**These patterns contain inherent characteristics which may result in pattern run off and/or pattern appearance variations at the seams or tile edges (darker or lighter pattern lines). These characteristics are inherent in the patterns and are not manufacturing defects. Consideration to these characteristics should be given when selecting an installation method.**

Chair pads are recommended under office chairs with roller casters to preserve appearance retention, act as a deterrent toward delamination and to prevent premature or accelerated wear. Walk-off tiles from the Tuff Stuff II Collection are recommended at entryways to reduce soiling.

Duracolor by Mohawk Stain Resistant System passes GSA requirements for permanent stain resistance. Under GSA requirements stain resistant carpets must score no less than 8.0 (10.0 is best) on the AATCC Red 40 Stain Scale. Carpet samples must first be exposed to 100 revolutions of the Taber abrader (1,000-gram weight per H-18 wheel) and then the abraded area must be stain tested using AATCC tested using AATCC test method 175.

Mohawk Group is providing this architect folder for the purpose of promoting our commercial business. This folder and its samples shall remain the property of Mohawk Group. Color may vary from dye lot to dye lot. Substitution of material may be made due to improved technology, supply limitations or other factors. The performance of this product is not affected by such variations.
